

- 
- A green plant with several leaves and a brown stem is centered in the background. Small pink hearts are scattered around the plant. A thick yellow diagonal line runs from the top-left corner to the bottom-right corner, crossing over the plant and the text. The background is a solid light green color.
- High growth rate – plants
grow faster than soil or
hydroponics**
- Critical stacking possible
- more plants in small
space.**
- Cleaner and safer – no
mud, no harmful
pesticides.**
